Notice to the Market

São Paulo, February 28, 2011. **Suzano Papel e Celulose S.A.** (BM&FBovespa: SUZB5), further to the Material fact released on September 3, 2010, announces to shareholders and the market that the Board of Directors, at a meeting held on this date, authorized the Executive Board to conclude negotiations and enter into agreements with Metso and Siemens for the acquisition of key equipment for the construction of the industrial unit in Maranhão, based on established targets.

The agreement for the acquisition of the key equipment with Metso will basically cover the following areas: (i) Wood Handling; (ii) Cooking and Washing; (iii) Fiber Line; (iv) 2 Driers, Bailing and Expedition; (v) Biomass and Recovery Boilers; (vi) Causticizing and Lime Kiln; and (vii) Evaporation. The scope of the agreement shall include the supply of equipment and other correspondent activities. The agreement to be entered into with Siemens shall comprise the acquisition of the turbo generators.

These acquisitions will enable the plant's start-up to be advanced by six months, being now expected to begin operations in April 30, 2013. Total estimated investments remain at US\$2.3 billion and include the abovementioned equipment as well as all other required equipment and services which shall still be agreed upon. The unit in Maranhão will have annual capacity of 1.5 million tons and 100 MW energy surplus for sale.
