São Paulo, February 10th, 2016 – SUZANO PAPEL E CELULOSE S.A. (“Suzano”) hereby announces to its shareholders and the market, with reference to the Notices to the Market published on August 20, 2015 and January 12, 2016, that the International Trade Commission (ITC) yesterday upheld its determination in the dumping proceedings against Australia, Brazil, China, Indonesia and Portugal, ratifying the levy of antidumping duty on imports of uncoated cut paper (sheet and cut size) from these countries.

ITC’s decision does not change the current scenario, with the rate remaining at 22.16%. Suzano will continue exporting to the United States and paying the duty.

The proceeding will be reviewed annually and Suzano believes in its ability to prove during the next review, the absence of any dumping of its uncoated paper in the United States, in which case it will collect back the amounts paid until then.
